OUR SCHOOL LIFTED SEED ACADEMY

At the heart of UFAM Uganda is Lifted Seed Academy, a school established to provide free education to orphans and needy children within our community.

Currently:

Over 80 orphaned children are enrolled.

More than 300 orphaned children within our church and community system are waiting sponsorship to join the school.

Due to limited resources and the need to strengthen our sustainability systems (including farming and food production), we are not yet able to enroll all the children in need. However, our vision is to progressively integrate all 300+ children into structured, quality education and care.

OUR SERVICES HOLISTIC SUPPORT MODEL

UFAM Uganda does not only provide classroom education. We operate a holistic child development model, which includes:

Education

- Free primary education
- Learning materials and scholastic supplies
- Dedicated teachers and structured learning programs

Nutrition

- Daily meals
- School feeding program to ensure concentration and health

Medical Assistance

- Basic medical care and health monitoring
- Support for emergency medical needs

Shelter Support

- Temporary and partial shelter support for the most vulnerable
- Safe and protective environment

Family & Guardian Support

- Assistance to guardians caring for orphans
- Counseling and mentorship programs
- Community empowerment initiatives

UFAM Uganda

MENTORSHIP & VOLUNTEER NETWORK

A team of committed volunteer workers, professional and passionate teachers.

Dedicated mentors who serve as father and mother figures to orphaned children.

Our goal is not just to educate minds—but to shape character, instill faith, restore identity, and raise responsible future leaders.

OUR VISION

To raise Christ - shaped leaders through life giving education

OUR MISSION

To provide life - giving education that nurtures leadership, excellence and purpose in every child.

OUR STORY

THE HEART BEHIND THE VISION

UFAM Uganda was founded and is led by:
Isaac & Mercy Tendo – Vision Bearers.

Isaac Tendo's passion for vulnerable children is deeply personal.

As a child, he was sponsored through Compassion International, where a Canadian sponsor faithfully supported his education from childhood through university. That sponsorship transformed his life.

After working as an accountant at Namanve Industries, Isaac resigned from his professional career, responding to a divine burden to serve orphaned and needy children and secure a brighter future for them.

Together with his wife, Mercy Tendo, they committed their lives to building a system that would lift other children just as he was lifted.

Lifted Seed Academy was born from that conviction:
"If one child was lifted, many more can be lifted."

Esther Nampera is an orphan who lost both parents. She is very bright and determined young girl who lives with her uncle and aunt after losing both of her parents. Despite the pain of her loss, Esther remains strong and hopeful. She is very smart in class, hardworking, and eager to learn. Her teachers admire her intelligence and positive attitude. Would you give a one time donation or monthly sponsorship for her please?
